(Whispering)

The Children...

The Children...

Verse 1

Ooh, can you hear
What the children are singing, singing
Why do leaders fear
What the children are thinking, thinking
Why do we have to choose to lose
Why can't we win without sin
Can you hear

Chorus 1

Can you hear the children praying
Can you hear them sing a song
Can you see the children playing
Can see them all get along
Can you learn why they sing
Can you learn why they play
So we all can get along
Every day

Bridge (Whispering)

Yeah, get along
The children (whispering)
Get along
The children (whispering)

Verse 2

While leaders prepare for war
While our kids are at the door
Make them alright all of the time
Then put them on the front line
To fight the cause for us all
But what's the cause of it all
To teach our kids all over again
To tote guns and then go sin
We can choose not to lose
We can win without sin
Can you hear

Chorus 2 / Outro

Can you hear us children praying
Can you hear us sing a song
Can you see us children playing
Can you see us all get along
Can you learn why we sing
Can you learn why we play
So we all get along
Every day
